Scoring System: The tournament is an open format game point system. **NO TIE GAMES!** All games tied at the end of regulation play will be decided by a **“Three Man Shootout”**. The team that has the fewest amount of penalties in regulation play will have the choice of shooting first or second in the shootout. The Team that scores the most goals in the Shootout wins the game. If a tie exists after all three shooters have taken their shots, a **“Sudden Death Shootout”** will commence. No players can shoot twice until all players have shot once. Penalized players, who have not completed their penalty obligation, will not be allowed to participate in the shoot out. Head Coaches must submit a Shootout List prior to the start of the game. Failure to do so will result in a 2:00 minor penalty for Delay of Game.

2-points for game win.
0-points for game loss.

Seeding Tie Breakers: To determine seeding for trophy games: If only two teams are tied using the point system, then the total points acquired in any head-to-head game will determine the tie-breakers. If head-to-head does not break the tie or if more than two teams are tied, the following will be used to determine position - after adjusting the score of the winning team of each game to a maximum of five goal differential:

- a) Subtracting goals-against from goals-for with the position being determined in order of the greatest surplus.
- b) If still tied, dividing goals-for by goals-against with the position being determined in order by the greatest quotient.
- c) If still tied, then the fewest goals allowed will determine position.
- d) If still tied, then the fewest penalty minutes (10 minutes for a game misconduct) will determine position in head-to-head competition.

If a tie still exists, then (a) through (d) will be applied, in order, for the last game played, then the first game played until the tie is broken.
